

TENANT / PRE-EMPLOYMENT SCREENING

APM Tenant Management offers nation-wide tenant or employment screening for residential and commercial property management companies and individual property owners. APM Tenant Management has established four levels of screens ranging from the basic credit report to complete background checks. Depending on the appropriate level, screens may include: consumer credit reports, eviction history and criminal history as well as employment history or verification pertaining to individuals or married couples. Criminal background checks include FBI checks and Sexual Predator checks on a national scale. Reports are clear, concise, and dependable. All information is current and accurate. APM level two and level three screens offer recommendations as to the position APM feels the client should take with the gathered information.

CLARK COUNTY, NEVADA EVICTIONS

APM provides additional services for all of Clark County, Nevada. These services are Notice Posting and complete eviction services. APM will post all state approved notices such as three day, five day, thirty day, and inspect notices to name a few.
